ABOUT WORISGO

WoRisGo is a Governance Risk and Compliance consulting firm. The Risk Assessment and Analysis Centre focuses on Risk Management, Business Continuity, Compliance, Government, and International relations across the geographies of Asia, Europe, and Africa. Each situation is analysed from a holistic perspective by professionals from related streams viz risk, legal, compliance, security, crisis, and business management consulting to give a bespoke solution for our clients. India Bound is an equal opportunity employer.

ROLES AND RESPONSIBILITIES

- Will be assigned a Risk Analyst from the team.
- Monitor happening in allocated region, posing a plausible threat to our clients and their assets through open source (OSINT) and Social Media Intelligence (SIMI).
- Contribute to tactical or strategic threat assessments for location or events.
- Assist the analyst in writing weekly monitor report of the allocated region.
- Develop capabilities to gather information from multitudes of primary and secondary sources. • Assist in writing geo-analytical reports through research and data.
- Contribute to creating archive for the company's dashboard.
- All other duties, as assigned.

QUALIFICATIONS

- Practical knowledge of open- source intelligence collection and threat assessments.
- Ability to analyse and deduce concise assessments focussing on Business implication of the threat. Excellent written communication.
- Reliable Organisational & presentation skills.
- Ability to work under pressure and tight deadlines
- Working knowledge of Office 365.
- Capable of handling sensitive client information and keeping such interactions and intelligence strictly confidential.
